## eLearning Samples

Quiz 1 of 4

What advantages do whistleblowing systems provide for companies?

- ☐ They help prevent cover-ups.
- ☐ They act as a preventative measure and foster a transparent corporate culture.
- ☐ There is no liability when rules are breached.
- ☐ They protect companies from embarrassing, reputation damaging leaks.

There are people of conscience who are unwilling to turn a blind eye to crimes and malpractice

We call them 'whistleblowers'

An officer is asking Tina to help him find something in the filing cabinet...

Should she help him or not?

Yes
